Flash receiver wall bracket
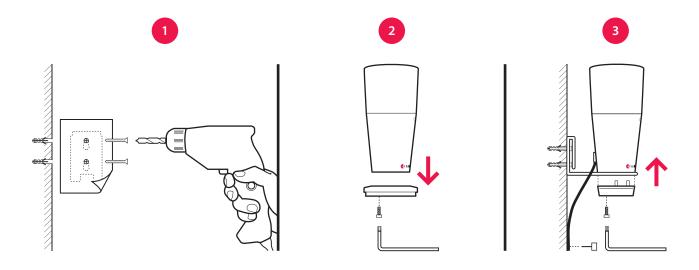

Mounting a BE1441 flash receiver

1 Use the drilling template to mark and drill holes for the screws and plugs.

2 Remove the flash receiver table stand using the Allen key.

3 Fit the wall bracket on the wall. Attach the bottom and mount the flash receiver on the wall bracket.

Mounting a BE1442/BE1444 flash receiver with battery backup

1 Use the drilling template to mark and drill holes for the screws and plugs.

2 Remove the screw marked in red, located at the bottom of the flash receiver.

3 Fit the wall bracket on the wall. Re-attach the screw to mount the flash receiver on the wall bracket.
